

# THE TEXAS GUNSLINGERS

**Heartless Dick out gunning for attorneys for attorneys**

**Neo-Dem Shane out gunning for Democrats who support his anti-war opponent**

Guns can be used for torture. But my friends also like to boil people alive. Torture is great. If you support torture, tell your Senator to vote to support my torture plan.

It's all just grandstanding. The Senators need to pretend to be against torture so that they can quote themselves to their constituents. After they make some memorable quotes, they'll support your torture plan. And in the House, Nancy always gets the majority of Democrats to support your torture and war funding.
