

Mike, what happened to you? You look like a gun with a microphone attached.

This is a publicity gimmick to encourage all the shoot-em-dead and spy-on-everyone crowds to remember to vote for me in Ohio's 10th District Congressional race. Dennis opposes domestic surveillance and is working to bring peace to the world. There must be someone in Cleveland who likes to spy on their neighbors and then blow them up.

Maybe if we release all the mass murderers from prison, they'll vote for you. Oh, wait. They're all working for our Administration.

Most important statewide race in America.

Members of my own party are planning to defect and vote for that Libertarian Ron. Maybe, if enough 14th District Texas Republicans see me with this sign, they'll vote for me.

The polls say I can defeat labor, the nurses, the fire-fighters, the students who want to be able to afford college, and the disabled who want medical care. Looks like I'll have four more years, Maria.

Well, you've got my vote. Let's hope Bruce and Diebold do their part and deliver the rest of the votes.
