

I've got some terrible news. Dennis is winning poll after poll. He's even winning polls on the blogs put up by the other candidates.

This is terrible! We'll have to call our friends running the Democratic Party and tell them to keep him in line.

It's worse. Dennis is making the talk show rounds and he plans to have us arrested on his first day in office.

We'll need to have those voting machines count half the Democratic votes as Green and skip the other half?

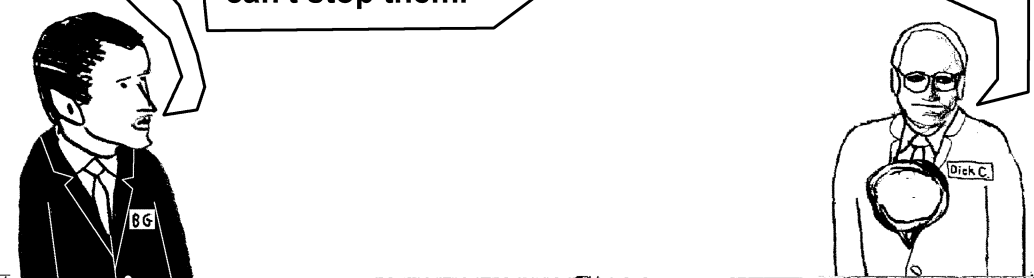

Great idea.

It's much worse. Cynthia is running on the Green Party ballot and the Peace and Freedom ballot and she plans to arrest us, too.

Dennis and Cynthia. Dennis and Cynthia. Hmm. Did you buy that land in Uruguay?

Paraguay. I'll have our bags packed in case we can't stop them.
