

Democratic Star

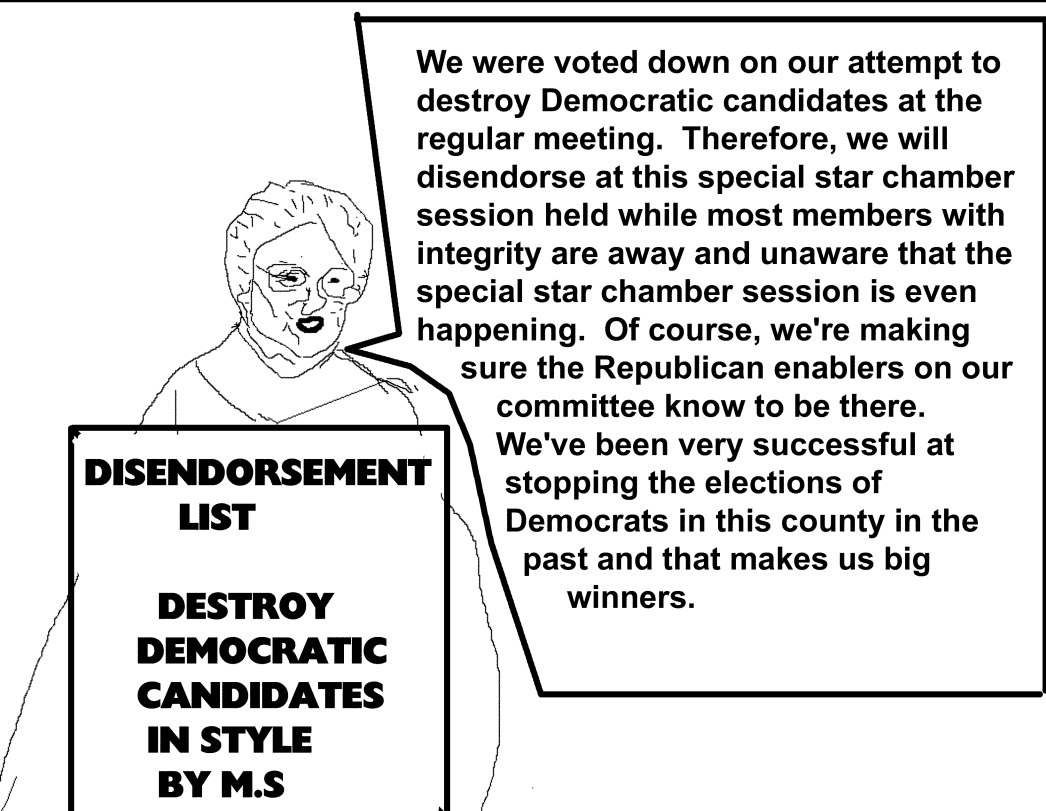

Chamber of OC

How are those Democratic disenfranchisements and disendorsements coming along?

In addition to disenfranchising 500,000 Democrats, I thought we should also disenfranchise all Democratic-leaning independents and Democratic-leaning Republicans.

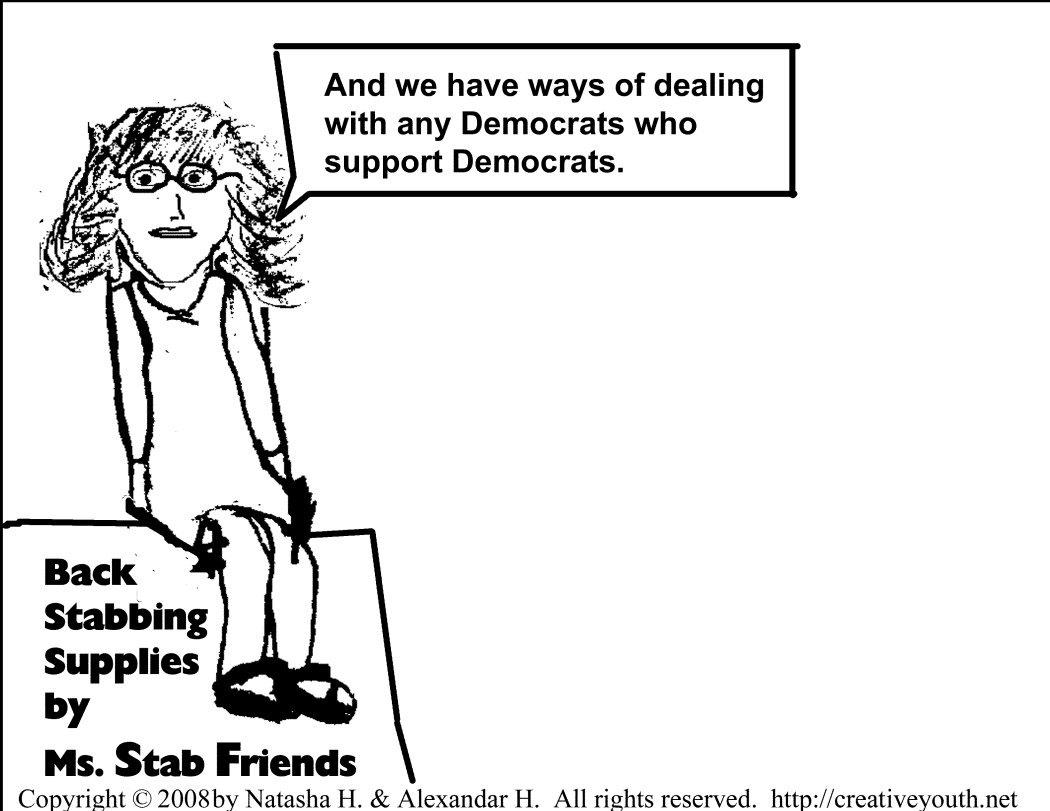

We were voted down on our attempt to destroy Democratic candidates at the regular meeting. Therefore, we will disendorse at this special star chamber session held while most members with integrity are away and unaware that the special star chamber session is even happening. Of course, we're making sure the Republican enablers on our committee know to be there. We've been very successful at stopping the elections of Democrats in this county in the past and that makes us big winners.
