

Dick, I'm worried about Barack. Democrats are waking up to the fact that we are the ones pushing to make him the nominee. If the Hillary is nominated or if a new candidate arises from a brokered convention, we's in real trouble.

Don't worry, I've joined the Democratic blogs and yahoo groups and I'm pushing Obama and attacking genuine liberals at the same time. All facts regarding Obama are always censored so the Democrats won't know what's coming in October.

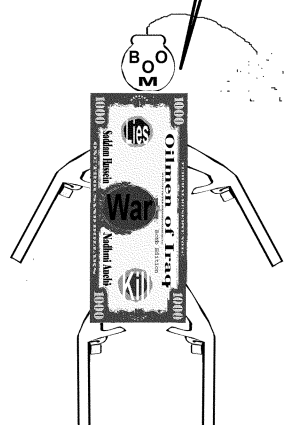

Barack, why did you let Hillary beat you in all those states? She's won as many countries as you and the countries she's won are bigger than the countries you've won.

Different meaning of state. Don't worry Bully George, all my friends are telling her to act like a lady and step down. I, or rather my supporters, since I always let my supporters take the blame for my ideas, are telling everyone a brokered convention is bad for the Democrats. Some of the Democrats are actually dumb enough to swallow that.

I know that I don't have a chance. A judge just issued an arrest warrant for my slumlord financier Tony in Vegas. No matter what happens in his Chicago trial for buying politicians, hmm, hmn, he'll be tried in Vegas next and after that... I fit right in with Donald and Dick and Condi. Could I be White House Chief of Staff in January?

You did vote for continued war more than two dozen times and you voted to renew the Patriot Act five times. And your campaign staff is better at dirty tricks than my Brain. Have your friends Tony and Nadhmi buy me an estate, say the Island of Bermuda, for my next house. I may need to pardon Tony and Nadhmi and you.
